We know haulier drivers are often approached by people smugglers who can sell migrants into modern slavery.

People smuggling is a serious offence. In 2019, 39 people died whilst hiding in a refrigerated lorry and those involved received a total of 92 years and 10 months in prison. You can help keep people safe.

You can tell Crimestoppers if you have seen or suspect the following:

- Suspicious or unusual activity by people or vehicles around the wagon/trailer
- Incorrect or unusual operation or appearance of the wagon (i.e. use of red diesel/overweight)

- An unusual use of the wagon by the owner or operator
- A modification to a wagon/trailer you see regularly
- Regular unexpected or last-minute diversions to the route used by a driver or company
- Suspicions surrounding a specific company or driver regarding suspicious or illegal activity
- Unusually cheap service
